SUMMARY

I am a UI/UX Designer and professional Front-End Developer with a strong focus on creating responsive interfaces for client-side web applications. Currently at Red Code Solution Pvt Ltd as a intern software engineer special focus by front end development, I collaborate with both design and development teams to deliver user-centered digital experiences. I'm involved in the full front-end workflow—from designing in Figma to implementing clean, functional interfaces in code. Detail-oriented, creative, and committed to modern, high-quality UI.

EDUCATION

- ICET CERTIFIED DEVELOPER PROGRAM (ICD PROGRAM)**

Institute of Computer Engineering Technology (ICET)

Completed in 2025

- G.C.E. ORDINARY LEVEL EXAMINATION**

Gamini National College Bentota
2019

EXPERIENCE

- SOFTWARE ENGINEER INTERN** at RedCode Solution
2025 january Present

- Collaborating within a professional development team on real-world client projects.
- Special focus on frontend development using React.js, Vue.js, and other modern JavaScript frameworks.
- Contributing to building responsive, user-friendly interfaces for web and mobile applications.
- Working closely with UI/UX designers to translate Figma designs into pixel-perfect interfaces.
- Participated in cross-functional teamwork, improving agile practices and version control with Git.

ACHIEVEMENTS

- G.C.E. Ordinary level - 2019 (passed)

LANGUAGE

- English
- Sinhala

UI/UX DESIGNER

- Applied core UI/UX design principles such as consistency, hierarchy, contrast, alignment, spacing, and user-centered design to create effective user experiences.
- Designed user flows, wireframes, and prototypes for both personal and client projects.
- Contributed to client-side UI/UX design teams on real-world projects.
- Created high-quality web and mobile interfaces using Figma.
- Built and managed scalable, consistent design systems.

SKILLS

Design:

- Figma, Wireframing, Prototyping
- Responsive Design, Design Systems

Tools:

- Figma

Front-End:

Frontend Technologies :

- HTML
- CSS
- JavaScript

Frameworks :

- React
- Vue.js
- Angular
- Laravel

Libraries & Styling :

- Tailwind CSS
- Bootstrap

Tools :

- VS Code
- GitHub
- Postman
- Net Beans

SOFT SKILLS

- Teamwork & Collaboration
- Time Management
- Communication, Attention to Detail, Problem Solving

PROJECTS

UI / UX designs

E-Commerce Site(Smart Shop)Design:

Designed a client-friendly eCommerce interface in Figma, following modern UI/UX standards. Focused on clean layouts and smooth, intuitive navigation to enhance the user experience.

Prototype Link :

Front end developer

1. HARDWARE POS SYSTEM – TEAM PROJECT

TechStack: Vue.js (Frontend), PHP/Laravel (Backend)

As part of the frontend team, I contributed to the development of a complete point-of-sale system tailored for hardware store operations. Focused on creating responsive UI components, enhancing usability, and ensuring seamless interaction with the backend APIs.

2. CLOTHING SHOP POS SYSTEM – TEAM PROJECT

TechStack: Vue.js (Frontend), PHP/Laravel (Backend)

Led the frontend development for a POS system specifically designed for clothing retailers. Ensured a user-friendly interface, real-time data handling, and efficient integration with the backend to support daily retail operations.

3.WORKERS APP– TEAM PROJECT(ON GOING)

Tech Stack: React Native (Frontend), Nest.JS (Backend)

Currently contributing to a mobile application aimed at managing workforce tasks and assignments. I represent the frontend team, focusing on building scalable UI components, mobile responsiveness, and effective communication with backend services via API.
